Overview

Welcome to the first international symposium on traumatic brain injury – mechanisms and protections to be held at the University of Texas at Arlington, Texas on April 11, 2019. The symposium aims to share the state-of-the-art research on TBI mechanism and protection, foster greater research collaboration across disciplines and promote interactions between the TBI research community with the veteran community, contact sports community and others for education and outreach. It will also identify knowledge gap on TBI research and exchange ideas to accelerate research progress for TBI mitigation.
