Dear Researchers,

It is with great pleasure to introduce the *International Journal of Fundamental Physical Sciences (IJFPS)* as a new Multidisciplinary Sciences journal. This journal is a *scientific publication* and a peer-reviewed journal. In scientific publications, the referees do not act as a group, do not communicate with each other, and typically are not aware of each other's identities or evaluations. Therefore, the manuscript may be accepted, considered acceptable with revisions, or rejected. <http://www.ijfps.com>

The editors are internationally from different *Academic Members* of universities and *Research Centers* of, India, Iran, Germany, Malaysia, USA, and Uzbekistan in the fundamental sciences.

I kindly use this opportunity to welcome and invite all scientists and researchers to submit manuscript(s) for publication in (*IJFPS*) and request that you disseminate this information to fellow researchers.

Our objective is to inform authors of the decision on their manuscript(s) within few weeks of submission. Following acceptance, a paper will normally be published in the penultimate issue.

Author Guidelines (<http://www.ijfps.com/authors.html>) (<http://www.ijfps.com>).
