

Assistant Professor of Aerospace Engineering

About Us

Kennesaw State University is one of Georgia's largest universities, serving more than 50,000 students across two metro-Atlanta campuses. A Carnegie-designated doctoral research institution (R2), the university is recognized for innovative teaching, growing research excellence, and a collaborative, student-centered culture.

Location

Our Kennesaw campus is located at 1000 Chastain Road NW, Kennesaw, GA 30144. Our Marietta campus is located at 1100 South Marietta Parkway, Marietta, GA 30060.

Department Information

With more than 3,000 students, the Department of Mechanical Engineering is the largest in the college and among the largest in the nation. The department offers undergraduate degrees in Mechanical and Aerospace Engineering, an M.S. in Mechanical Engineering, and a Ph.D. in Interdisciplinary Engineering. Faculty are committed to excellence in teaching and research, providing students with hands-on learning, undergraduate research opportunities, modern laboratories, and strong engagement in professional societies and national competitions.

Job Summary

Kennesaw State University is now accepting applications for a full-time, tenure track faculty position as Assistant Professor of Aerospace Engineering in the Department of Mechanical Engineering with a preferred start date of August 2027. This is a nine-month contracted position and is for work to be performed in the state of Georgia. We encourage candidates with research interests across all aerospace engineering domains to apply.

Position Responsibilities

- Teaching undergraduate and/or graduate aerospace engineering courses.
- Developing and maintaining an active and externally funded research program.
- Engaging in department, college, university, and professional services appropriate to the position.
- Advancing the goals and strategic plan of Kennesaw State University.

Required Qualifications

An earned Terminal/Doctorate degree, or the foreign equivalent, in aerospace engineering or a closely related discipline is required at the time of hire.

Preferred Qualifications

Postdoctoral training, Industrial experience, Strong publication record, Grant proposal experience and Prior teaching experience.

Application Materials

CV, Cover Letter, Unofficial Transcripts (Official Transcripts and Official International Course-by-Course Evaluations Due Upon Hire), Names, phone numbers, and email addresses of 3 references, Teaching Philosophy and Research Interest.

To Apply

For a full description of this position (Job ID 302409), application deadlines, and application procedures, please visit this link: [Job Information and Application](#). For full consideration please apply by January 15, 2027.
